OFFICE OF THE COMPTROLLER TO THE GOVERNMENT
OF HIS HIGHNESS THE MAHARAJA OF MYSORE

No LAD 327 *Bangalore dated* ~~2nd~~ 9th April 1934

Encl 1 Report

ML 230-33-1

From

M VENKATESA IYENGAR Esq MA
Comptroller to the Government of
His Highness the Maharaja of Mysore
Bangalore

To

M Venkatanaranappa Esq, B A,
Secretary to the Government of Mysore,
Development Department, Bangalore

459
9 APR 1934

Sir,

In forwarding herewith for the information of Government a copy of the Note of Inspection of the Sringeri Municipality by the Assistant Comptroller, Local Audit Department, on the 9th and 10th March 1934, I have the honor to state that the Municipality is at present transacting all its business in the Jahagir Treasury in accordance with Government Order No $\frac{174-5 \text{ M } 9}{7580\ 9-11}$ dated 11 7 1911 and has no drawing account with the Government Taluk Treasury at Koppa There is therefore no means to enforce payments due to Government such as contributions due by it towards the maintenance charges of the Local Fund Dispensary and Pensionary Contributions payable on account of both the Municipal and the Medical Staff referred to in para 5 of the Note The Municipality does not also get any interest from the Jaghir and though it has sufficient surplus it has not invested any part of it

Remittances of Provident Fund and Insurance premia recoverie drawn from the Jahagir Treasury are delayed and are often kept on hand for months which gives scope for the irregularities referred to in para 2 of the Note To prevent this and the delay in adjusting the Government dues I request that the Municipal Council may be directed to open an account in the Government Treasury at Koppa and keep a part of its funds in it to enable it to effect transfer transactions easily

I have the honor to be,
Sir,
Your most obedient servant,

M Venkatesa Iyengar

Note on the inspection of the Sringeri Municipality by the Assistant Comptroller, Local Audit Department

---

Date of inspection.- 9th and 10th March 1934.

Name of inspecting Officer.- Mr S Raghavachar B.A.,

Name of President _ Mr K. Subramhanya Sastry, Deputy Amildar and President from 1st October 1931 to date of audit

No imprest was held by the President The petty cash book was written up very carelessly even without the No of pages being noted and ruled and the book itself was discontinued after June 1933 This register was not written up even after the omission was pointed out during last audit. Evidently the cash on hand has not been verified by the President even once for the past eight months

2. The procedure followed now in respect of remittance to Treasury of insurance premium, Provident Fund subscription and pension contribution etc, is very defective The Municipality has no account with any Government Treasury These amounts are drawn in cash from the Jaghir Treasury along with pay for disbursement and kept on hand for long periods, until there is an opportunity for some one to go to Koppa to transact work in the Treasury on behalf of the Jaghir This not only delays the credit to the accounts of the parties, but gives room for misappripriations and such other irregularities as will be seen from the following instances in point The remedy for this defect ~~was~~ lies in opening an account in the Government Treasury also, under Government sanction and issue of crossed cheques for all such payments Out of an aggregate sum of Rs 26-9-8 drawn by cheque No. 74 of 12-12-33, 75 of 3-1-34 and 77 of 3-2-34 pensionary contribution and State Provident Fund subscription of the Municipal subordinates a sum of Rs 16-13-0 only was remitted

G

to

to the Koppa Taluk Treasury on 9th March 1934 i.e., the date of inspection by money order. Rs.9-10-8 remains unaccounted upto date. The previous clerk, Mallaradhya, is stated to have utilised the amount for his private use. The matter does not appear to have been reported to the Deputy Commissioner also yet. It is surprising that such a serious commission of misappropriation has not been taken notice of at all nor dealt with properly.

3. The scale register is defective as the Government Order sanctioning each appointment is not noted therein nor the entries attested by the President though this omission was pointed out during last audit. This requires immediate action.

4. The acquittance rolls are defective, as the dates of drawing and disbursing the pay are not noted and the thumb marks of illiterate payees are mostly taken in writing ink and the marks are faint and indistinct. The have to be taken in rubber stamp in pads and properly attested.

5. Pensionary contribution is not being paid regularly every month. Contributions due for 1931-32 and 1932-33 have not been paid yet though this omission is being pointed out in audit. The amount due for October 1933 and February 1934 were also not paid at the time of drawing cheques for pay of those months.

6. Mohartarfa and Octroi collections are entrusted to the Kanegar who has not furnished any security and large amounts are allowed to accumulate with him and remittances are being made only once a month even to the Jaghir Treasury. Vide instances below:-

21st March 1933	...	Rs.372	11	0
21st May ,,	...	,, 298	5	11
30th December 1933	...	,, 381	9	4
31st January 1934	...	,, 444	9	0
28th February 1934	...	,, 428	9	11

More frequent remittance have to be insisted on.

7. The Council has banking account with the Jaghir Treasury. The Pass Book for February 1934 was not written up till the date of inspection i.e., 9th March 1934. The Treasury Officer ha also

not

not signed for the balance each month. There is only an initial said to be of the Head Gumasta in the Pass Book. It does not contain the full signature of the Treasury Officer or Amildar nor the Treasury seal as required by rules.

8. The stock register of forms, particularly of receipt books having money value has not undergone any scrutiny or check by the President or Vice President. The Stock Register showed a stock of 20 books of form No.20 while it was actually 19. This requires to be verified and rectified. Such a large stock is not necessary for this Municipality. Even 2 or 3 books will last for a number of years. At least 15 books may be sent back to the Comptroller's Office as per Circular ~~No.~~ ~~dated~~ . There are also 4 books of No.74. As there is no Cattle Pound in the Municipality they may also be sent back.

9. The surplus funds of the Municipality are now merged in the balances of the Jaghir Funds and do not earn any interest whatever. The Municipality is thus losing income from an important source. It could well invest about Rs.4,000/- at least in Savings Bank Account and get about Rs.120/- a year as interest. This may be done now at least or arrangements made t obtain a similar concession from the Jaghir itself.

Sub OPENING OF AN ACCOUNT BY THE SRINGERI MUNICIPALITY IN THE GOVERNMENT TREASURY AT KOPPA

=====

With reference to your letter No L 8479/M 330-33 dated the 26th May 1934, on the subjects noted above, I have the honour to state tha the Municipal Council Sringeri in their meeting held on the 15th June 1934, have opined that to avoid delay in the payment of pensionary co tributions etc , the system of remitting the same by M O within the dates might be adopted, and the transactions with the Jahagir Treasu may be continued as before till a reply is received for the referenc made in this matter to the Agent of the Sringeri Mutt A copy of the resolution of the Municipal Council referred to is enclosed

2 As per G O No 174-5-M 75-09-11 dated 11-7-1911, this Municipal which was then a non-regulation Municipality was permitted to operat on the Jahagir Treasury in the same manner as other Municipalities i State do on Government treasuries As the surplus balance including Closing Balance is being treated as part of the Jahagir Treasury ba and as there is no Savings Bank transactions with the latter, the Mu pality is losing what little interest it might get if the surplus is invested in Government Savings Bank I am therefore of opinion that avoid delay in the payment of contributions etc , and the loss that i b[illegible] red every year in the shape of Savings Bank interest, this

this Municipality might be directed to open an ~~amount~~ account in Government Savings Bank at Koppa unless the Jahagir Treas is also prepared to have Savings Bank transactions as in case of Government treasuries

I have the honour to

Sir,
